

FLOWCONTROL TECH INC
TECHNICAL DATASHEET - HYDRAULIC PRESSURE VALVE

Product Name: High-Flow Solenoid Hydraulic Pressure Valve HV-200

Manufacturer: FlowControl Tech Inc

Product Code: HV-200

Category: Pressure Valve

Description: 2-way solenoid operated directional control pressure valve rated up to 16 bar.

TECHNICAL SPECIFICATIONS:

- Operating Pressure: 16 bar
- Flow Rate: 80 L/min
- Operating Temperature: -20 to 80 °C
- Valve Body Material: Stainless Steel 316
- Coil Voltage: 24 V
- Current Rating: 1.5 A
- Power Rating: 36 W
- Port Size: G1/2
- Weight: 3.2 kg

RECOMMENDED APPLICATIONS: Hydraulic power units, Heavy industrial presses, Marine fluid power systems.
SYNTHETIC DEMO DATA
