

DEMO INDUSTRIAL TECHNOLOGIES
TECHNICAL DATASHEET - INDUSTRIAL TEMPERATURE SENSOR

Product Name: Industrial Temperature Sensor TS-200

Manufacturer: Demo Industrial Technologies

Product Code: TS-200

Category: Temperature Sensor

Description: High precision industrial temperature sensor for process control and machinery monitoring.

TECHNICAL SPECIFICATIONS:

- Measuring Range: -50 to 200 °C
- Accuracy: ± 0.5 °C
- Probe Length: 150 mm
- Operating Voltage: 24 V
- Protection Rating: IP65

RECOMMENDED APPLICATIONS: Industrial monitoring, Process control, Machine temperature monitoring.
SYNTHETIC DEMO DATA
