

DEMO VALVE SYSTEMS

TECHNICAL DATASHEET - INDUSTRIAL PRESSURE VALVE

Product Name: Industrial Pressure Valve PV-300

Manufacturer: Demo Valve Systems

Product Code: PV-300

Category: Pressure Valve

Description: Heavy duty directional pressure valve for industrial fluid control.

TECHNICAL SPECIFICATIONS:

- Pressure Range: 0 to 16 bar
- Port Size: G1/2
- Body Material: Stainless Steel
- Operating Temperature: -10 to 80 °C

RECOMMENDED APPLICATIONS: Hydraulic power systems, Industrial fluid lines, Chemical processing.
