

DEMO INDUSTRIAL TECHNOLOGIES
TECHNICAL DATASHEET - INDUSTRIAL TEMPERATURE SENSOR

Product Name: Industrial Temperature Sensor TS-200
Manufacturer: Demo Industrial Technologies
Product Code: TS-200
Category: Temperature Sensor
Description: High precision industrial temperature sensor probe for process control and machinery monitoring.

- TECHNICAL SPECIFICATIONS:
- Temperature Range: -20 to 120 °C
 - Accuracy: ± 0.5 °C
 - Supply Voltage: 24 V
 - Probe Length: 150 mm

RECOMMENDED APPLICATIONS: Industrial process monitoring, Machine control systems, HVAC monitoring.
SYNTHETIC DEMO DATA
